Privacy Policy for Wheel of Writing Prompts by Green Mountain Gears through Teams of Innovative Problem Solvers Inc.

Green Mountain Gears developed Wheel of Writing Prompts for their project for the 2020-21 FLL Season, Replay. The app generates a random character, setting and story type for a user. The team hopes the app will inspire writers who are struggling with ideas for on-demand writing.

What information we collect?

Green Mountain Gears does not collect any user information.

What do we do with the information?

Green Mountain Gears does not do anything with the data because we collect no data.

What third parties do we share the information with?

Green Mountain Gears does not share the information because we do not collect it.
